

Description:

The Von Arx VASC35 handles a variety of different jobs and is designed for the removal of vinyl, carpet, linoleum and many other floor coverings. The blade can be set to various angles: 10°, 18°, 26° & 34° allowing the user to adjust depending on the material and surface.

The compact size of this machine coupled with the ease of handling makes it ideal for carrying out precise work on small or medium surfaces, both indoors and outdoors.

With the exception of the blade, the Von Arx VA20SC carries a 3 Year limited warranty and has been designed with the rigors of the construction industry in mind.

Please Note: This machine is supplied complete with a reversible straight scraper blade.
